Dear:

I am writing to apply for the post of **Software Developer** advertised in **LinkedIn**. Please find enclosed a copy of my CV.

Since graduating from Informatics University (UCI) I have been working as a full-stack developer on a contract basis. I have become particularly interested in one-size-fits-all technologies and now wish to develop my career in that direction in order to make them better.

I would welcome the chance to work as part of a small dynamic team where I could make a significant contribution while developing my skills yet further. I would be happy to show you a portfolio of my work.

I am available for interview at any time and look forward to hearing from you.

Yours sincerely,

Yoandry.
